My dear friends at AEROSTICH,

Friend Bob Pittack and I went to B.C. CASSIAR Hwy - Dawson Yukon for Dirt to Dawson, ALASKA almost EVERY ROAD in the state and ARCTIC CIRCLE. We had over 20 RAIN days. NEVER got wet. "Good gear" My stick is 10 yrs. old. Two mister happy brothers went with us.

Picture 1 = Numb-nuts (Bob) decides to take a short cut - tips over. Picture 2 I go to help him and also tip over getting the worst of the deal. Pictures 3-4 = The haul road, warmest day of the whole trip. Picture 5 Bob made Mr. Happy ride on the back. MR. HAPPY WAS SUBJECT TO A VERY dirty ride and much abuse.

Pictures 6-7-8-9 and note Picture 4

My Mr Happy had a front row clean seat to enjoy the entire trip. He also had access to a lovely tent to sleep in.

Picture 7 SIMON FRASER LAKE B.C.

ON THE WAY HOME in SASKATCHEWAN HE got VERY NERVOUS at the sight of the RRP seed fields. The last I saw of Bob's Mr. Happy he was running into the yellow fields. WE NEVER SAW him AGAIN. I HAVE sent a letter to PETA to not allow Bob to EVER AGAIN have a MISTER HAPPY due to the extreme abuse he inflicted on him.

KEEP UP THE good work!

Your friend Paul Paine

Bob
